

Application Instructions

ActOnEnergy® **BizSavers** ® Program

Please read the instructions below regarding how to use this application.

Use this application when applying for *all* Standard and Custom incentives.

Ameren Missouri's ActOnEnergy® **BizSavers**® Program is effective from January 2, 2013 through November 30, 2015.

Please note these important eligibility requirements:

- The minimum incentive is \$150 per project and the maximum is \$1,000,000 per customer
- ALL projects with Custom measures **REQUIRE PRE-APPROVAL**
- Projects with **ALL** Standard measures *do not* require pre-approval **unless the incentive is over \$10,000**
- It's always a good idea to make sure your project qualifies before purchasing and installing equipment

INSTRUCTIONS

- Navigate by clicking on the tabs at the bottom of the page
- Start by completing the entire **Data Entry Tab** and then the **Tab(s)** that correspond with your project type

The tabs are associated with the following project types:

Lighting (Standard or Custom) - Custom Non-Lighting - Standard Non-Lighting

For Example:

If you have a **lighting** project you will fill-out the **Lighting Tab**

If you have a Standard **refrigeration** project you will fill-out the **Standard Non-Lighting Tab**

If you have a commercial **cooking equipment** project you will fill-out the **Standard Non-Lighting Tab**

If you have a **compressed air** project you will fill-out the **Custom Non-Lighting Tab**

Not sure where to start? Contact us at 1.866.941.7299

Data Entry Tab - complete first

- Complete required fields before submitting your project
- Please include an email address, as we send out all paperwork via email
- If you do not have an email address please include a fax number
- The rate schedule and account numbers are on the Ameren Missouri utility bill

Filling out tabs: Lighting/Standard Non-Lighting

1. In the **Lighting Tab**, enter your measures by selecting the existing/proposed equipment from the drop-down menu

*If a measure is not in the drop-down list you can select "Custom, Provide Description" and enter the input watts.

2. The annual hours of operation populate from the **Data Entry Tab**. You can override operating hours as needed.
3. Type in the unit installed cost (materials & labor) for each measure.
4. After you enter a measure successfully, the tool will define if the measure qualifies for an incentive.
5. Additional pop-up notes have been included to help guide you through the data entry and proposed lighting tabs.
6. In the **Standard Non-Lighting Tab**, enter the quantity and unit installed cost (materials & labor)
 - *The tool will calculate your estimated Incentive.
 - *If your project consists of all Standard measures and the incentive is less than \$10,000 please include invoices and specification sheets.
7. In the **Custom Non-Lighting Tab**, enter the existing and new equipment information.
 - Useful life of equipment advisement is shown in the cell pop-up. If applicable, please enter a peak kW demand reduction.
 - *The tool will calculate your anticipated Incentive.
8. When the Incentive Application is complete, choose "Save As," name the file and email to BIzefficiency@ameren.com
In addition, send in specification sheets, and other supporting documentation for proposed measures in your application.

The program will determine the final incentive.

Terms and Conditions

1. ELIGIBILITY: Ameren Missouri will award cash incentives to Eligible Customers for the purchase and installation of Qualifying EEMs, subject to these Terms and Conditions. **a) "Qualifying EEMs"** include Standard Electric Efficiency Measures (EEMs) identified in official program materials and pre-approved Standard and Custom Electric Efficiency Measures approved by Ameren Missouri. Energy efficient equipment or services purchased, contracted for, or work conducted prior to official program launch is not eligible for incentives under the Ameren Missouri programs. Technologies that purport to save energy through reduction of voltage or power conditioning are not eligible EEMs. EEMs that displace electrical energy use to another fuel (fuel switching) are not eligible. Unless explicitly pre-approved, EEMs must be new and covered by warranties. **b)** The minimum eligible project size, in terms of incentive, is \$150 and the maximum is \$1,000,000. **c) "Eligible Customers"** are non-residential electric customers of Ameren Missouri. Ameren Missouri incentives are awarded only to Eligible Customers for equipment that is owned by them and installed in the Ameren Missouri service area at the location identified in this Application, and such Customers are ultimately responsible for compliance with these Terms and Conditions. **d)** EEMs must be purchased and installed between official program launch and November 30, 2015, and eligible applications and supporting documentation requesting incentive payment must be postmarked no later than November 30, 2015, or the completion date requirements specific to the program under which the Customer makes application, whichever is earlier.

2. OWNERSHIP OF CAPACITY AND/OR ENVIRONMENTAL CREDITS: **a)** EEMs purchased and installed in part through incentives provided by this program are the property of the Customer, subject to any limitations contained within these Terms and Conditions. **b)** Notwithstanding the above, Ameren Missouri holds sole rights to any electric system capacity credits and environmental credits that may be associated with EEMs for which incentives were received, and Ameren Missouri can dispose of these credits in any manner authorized by law or regulation. **c)** In no event shall activity associated with any energy or environmental credits noted in Section 2(b) result in interference with the Customer's sole discretion to operate EEMs as approved in his/her incentive award.

3. PRE-INSTALLATION APPLICATION, ANALYSIS, AND SURVEY: **a)** For all Standard Incentive Applications above \$ 10,000 of incentive value, and for all Custom Incentive Applications, Ameren Missouri requires the Customer to secure pre-approval and complete a pre-installation facility survey conducted by Ameren Missouri field staff, unless Ameren Missouri has provided written authorization to waive this requirement for a specific project, to receive an incentive award. **b)** Ameren Missouri will independently review the Incentive Application and analysis to verify the energy savings and demand reduction potential, and the project, measure and installation cost estimates. Ameren Missouri reserves the right to reject or modify any estimates or calculations, based on its analysis. **c)** Ameren Missouri has complete discretion to approve or disapprove any proposed EEMs. Ameren Missouri will only approve Incentive Applications for EEMs that Ameren Missouri believes have reliable and cost-effective energy savings potential in the proposed use and site. **d)** Projects that require pre-installation approval must not purchase equipment or start work prior to receipt of the approval notification from Ameren Missouri.

4. PRE-INSTALLATION APPROVAL: After an Application has been approved, the Customer will receive notification of a maximum pre-approved incentive amount. Ameren Missouri will not pay incentives for any EEMs installed prior to the date of the Pre-Installation Approval.

5. POST-INSTALLATION VERIFICATION: Ameren Missouri is not obligated to pay any pre-approved incentive awards until it has performed a satisfactory post-installation verification, unless it has explicitly waived this requirement. If Ameren Missouri determines that EEMs were not installed in a manner consistent with the approved application, or if unapproved EEMs were installed, or if the installation was not consistent with generally accepted engineering practices, it may require changes before making payment. Also, Ameren Missouri will not make payment until it verifies that the Customer has received, as appropriate, final drawings, operation and maintenance manuals, and operator training. Ameren Missouri also reserves the right to inspect installations at facilities which were the recipients of incentives that were not pre-approved and seek recovery of incentives paid if Qualifying EEMs cannot be located or are not installed in a manner consistent with the provisions of these Terms and Conditions. Ameren Missouri reserves the right to deny incentive payments if it is determined that the customer did not disclose the entire scope and/or cost of the project.

6. INDEPENDENT TESTING: Ameren Missouri reserves the right to deny incentives for any EEMs or equipment that have not been

7. INCENTIVE AMOUNTS: **a)** The maximum incentive is \$ 1,000,000 per customer per program year for the summation of all Incentives received. **b)** Ameren Missouri reserves the right to adjust and/or negotiate the incentive amount, based upon its independent assessment of appropriate savings or cost estimates. **c)** Once an incentive has been pre-approved, Ameren Missouri will pay no more than the approved fraction of the overall cost to the Customer for purchasing the EEM, or the pre-approved incentive amount, whichever is less. Ameren Missouri has the right to adjust the incentive amount if the quantity and/or cost of EEMs actually installed by the Customer differ from the pre-approved amounts. Ameren Missouri has the right to seek a refund for incentives paid if, at any time, it learns that the EEMs were not actually and properly installed or were subsequently disconnected within 36 months after installation.

8. EEM COSTS: The Customer must provide copies of all invoices or other reasonable documentation that verify the costs of purchasing and installing the EEMs, including all materials, labor, and equipment discounts. Invoices must indicate a verifiable breakout of all EEMs purchased for installation under this Application. The cost of all the EEMs purchased for the project must be fully disclosed.

9. SCHEDULE FOR INCENTIVE PAYMENTS: **a)** Ameren Missouri expects to pay all incentives within 45 days after project completion. Project completion requires: (1) submission to Ameren Missouri of all required documentation; (2) completed installation of the approved EEMs; and (3) Ameren Missouri acceptance of (1) and (2) above, all in accordance with the specifications outlined elsewhere in these Terms and Conditions. **b)** Ameren Missouri reserves the right to apply cash incentives to any of the Customer's unpaid or overdue accounts.

10. MONITORING AND EVALUATION FOLLOW-UP VISITS: Ameren Missouri reserves the right to make follow-up visits to a Customer's facility during the 36 months following the actual completion date of the project at a time convenient to the Customer, and with at least one week advance notice. The purpose of the visit(s) is to review the operation of the EEMs for program evaluation purposes, including monitoring their energy performance. The scope of review is limited to determining whether program conditions have been met. The Customer must allow access to the EEMs and related project documentation.

11. CHANGES IN/CANCELLATION OF THE PROGRAM: **a)** Ameren Missouri may change the program requirements, incentives, or Terms & Conditions at any time without notice, including suspending acceptance of applications or terminating the program. Ameren Missouri is not obligated to approve any submitted application that may result in Ameren Missouri exceeding its program budget. **b)** In the event of program change, pre-approved applications will be processed to completion under the Terms & Conditions in effect at the time of the pre-approval by Ameren Missouri. **c)** Submission of a completed application does not entitle the Customer to program participation. **d)** Cash incentives under the Ameren Missouri programs are offered on a first-come, first-served basis and are subject to project and Customer eligibility, and the availability of funds.

12. PUBLICITY OF CUSTOMER PARTICIPATION: Ameren Missouri may wish to publicize information relating to the Customer's participation in the program, including such data as: projected project energy savings, the incentive amount, before and after pictures, and other information that does not compromise reasonable Customer expectations of confidentiality of proprietary or competitive information. In such instances, Ameren Missouri will obtain Customer permission to make such information public.

13. INSTALLATION SCHEDULE REQUIREMENTS: **a)** If the Customer has (1) not returned a signed incentive offer to the program office within thirty (30) business days or (2) not completed the installation of the measures and provided all the required completion paperwork 12 months from the date the incentive offer was signed by the applicant or November 30, 2015, Ameren Missouri may cancel this Application without liability of any kind.

b) A Customer who fails to advise Ameren Missouri that a project is complete, or who fails to provide required post-installation documentation as described elsewhere in these Terms and Conditions within 180 days of project installation or by November 30, 2015 may be denied incentive payment.

14. LIMITATION OF LIABILITY AND INDEMNIFICATION: **a)** Ameren Missouri liability under this Application will be limited to paying the incentive amounts specified in this Application. Ameren Missouri and any of its affiliates or contractors shall not be liable to the Customer for any special, indirect, consequential or incidental damages or for any damages in tort (including negligence) caused by any activities associated with this Application. By participating in the Ameren Missouri program, Customer agrees to waive any claims and fully releases Ameren Missouri from any damages, of any kind. **b)** The Customer shall protect, indemnify, and hold harmless Ameren Missouri

15. NO WARRANTIES: **a)** AMEREN MISSOURI OR ITS REPRESENTATIVES DO NOT ENDORSE, GUARANTEE, OR WARRANT ANY PARTICULAR MANUFACTURER OR PRODUCT, AND IT PROVIDES NO WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR ANY PRODUCT OR SERVICES. AMEREN MISSOURI IS NOT LIABLE OR RESPONSIBLE FOR ANY ACT OR OMISSION OF ANY CONTRACTOR (IF ANY). THE CUSTOMER'S RELIANCE ON WARRANTIES IS LIMITED TO ANY WARRANTIES THAT MAY BE PROVIDED BY CONTRACTORS, VENDORS, ETC. **b)** NEITHER AMEREN MISSOURI NOR ITS REPRESENTATIVES ARE RESPONSIBLE FOR ASSURING THAT THE DESIGN, ENGINEERING AND CONSTRUCTION OF THE FACILITY OR INSTALLATION OF THE EEMS IS PROPER OR COMPLIES WITH ANY PARTICULAR LAWS, CODES, OR INDUSTRY STANDARDS. AMEREN MISSOURI DOES NOT MAKE ANY REPRESENTATIONS OF ANY KIND REGARDING THE RESULTS TO BE ACHIEVED BY THE EEMS OR THE ADEQUACY OR SAFETY OF SUCH MEASURES.

16. PAYEE MUST PAY ALL TAXES: Incentives received by the Payee under this Application may be taxable by the federal, state, and local government. The Payee is responsible for declaring and paying all such taxes.

17. VENDOR SELECTION: The Customer may select any vendor or contractor to perform the work contemplated by this Application, except under program specific requirements for use of pre-approved vendors, even after the Application is submitted for pre-approval by Ameren Missouri. However, Ameren Missouri has the right to prohibit specific vendors or contractors from program participation, in its sole discretion.

18. REMOVAL OF EQUIPMENT: The Customer agrees, as a condition of participation in the program, to remove and dispose of the equipment being replaced by the EEMs in accordance with all laws, rules, and regulations. The Customer agrees not to reinstall any of this equipment anywhere in Missouri, or transfer it to any other party for installation in Missouri.

19. MISCELLANEOUS: **a)** The entire agreement between the Customer and Ameren Missouri is composed of all applicable program forms, supporting documentation, and these Terms and Conditions. **b)** Paragraph headings are for the convenience of the parties only and are not to be construed as part of these Terms and Conditions. **c)** The Customer acknowledges that the only individual authorized to bind Ameren Missouri under the Ameren Missouri program are Ameren Missouri staff and authorized agents of Ameren Missouri. **d)** If either Ameren Missouri or the Customer desires to modify these Terms and Conditions, the modification must be in writing and signed by an authorized representative of the party against which enforcement of the modification is sought. **e)** If any provision of the Terms and Conditions is deemed invalid by any court or administrative body having jurisdiction, such ruling shall not invalidate any other provision, and the remaining Terms and Conditions shall remain in full force and effect in accordance with their terms. **f)** If a dispute arises out of, or relates to this Application, or the breach thereof, and if the dispute cannot be settled through negotiation, Ameren Missouri and the Customer agree first to try in good faith to settle the dispute by mediation administered by the American Arbitration Association under its Commercial Mediation Procedures before resorting to arbitration, litigation, or some other dispute resolution procedure. If they do not reach such solution within a period of 10 days, then, upon notice by either party to the other, all disputes, claims, questions, or differences shall be finally settled by arbitration administered by the American Arbitration Association in accordance with the provisions of its Commercial Arbitration Rules. Resolution of disputes concerning these Terms and Conditions, or any other requirement of this Application or condition of incentive award, resolution will be governed in all respects by the laws, statutes, and regulations of the State of Missouri. **g)**

AMEREN MISSOURI AND CUSTOMER HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY RIGHT EITHER SUCH PARTY MAY HAVE TO A TRIAL BY JURY OR TO INITIATE OR BECOME A PARTY TO ANY CLASS ACTION CLAIMS IN RESPECT OF ANY ACTION, SUIT OR PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS APPLICATION OR THE TRANSACTIONS CONTEMPLATED BY THIS APPLICATION. **h)** Customer shall not assign any rights it may have under this Application without the prior written consent of Ameren Missouri, except for the optional assignment of cash incentives as provided for in the Application. Any assignment in violation hereof shall be deemed null and void.

favorably assessed or approved by recognized, independent public authorities, such as the Underwriter's Laboratory (UL), Intertek ETL, American Refrigeration Institute (ARI). Ameren Missouri may, at its discretion, require the Customer to undertake, at their own expense, testing of a proposed EEM that does not carry the Listing Mark by UL, or an equivalent independent testing facility approved in advance by Ameren Missouri.

and its representatives from and against all liabilities, losses, claims, damages, judgments, penalties, causes of action, costs and expenses (including, without limitation, attorney's fees and expenses) incurred by or assessed against Ameren Missouri or its representatives arising out of or relating to the performance of this Application.

Project Description

Application Submittal Requirements

The following items are required:

- Completed Application with customer signature
- Equipment specification sheets for new equipment
- Energy savings analysis (i.e. incentive calculation tool, proposal, study, calculations)
- Final project invoices if all Standard measures and incentive is less than \$10,000
- Business Payee Tax Information for customer receiving payment

Bill Credit Option

As a participant in Ameren Missouri's ActOnEnergy® **BizSavers**® Program, you have the option to have your incentive for energy efficiency upgrades credited to your electric utility bill instead of receiving a check from Ameren Missouri.

A line item that reads "credit" will appear on your next electric bill.

Please check the box below and enter the Ameren Missouri account you would like to receive a bill credit.

- Yes, I would like to receive my incentive on my bill.

Apply to account# -

Third Party Payment Release Option

If payment is released, this section should be completed by the company receiving payment and approved by the customer

Complete this section ONLY if payment is going to someone other than the Ameren Missouri customer of record. I am authorizing this payment of my incentive to the third party ("Payee") named below and I understand that I will not be receiving the incentive check from Ameren Missouri. I also understand that my release of the payment to the third party does not exempt me from the incentive requirements outlined in this application.

Tax Liability: Incentives are taxable if greater than \$600 for business customers, and will be reported to the IRS unless you are exempt. You are urged to consult your tax advisor concerning the taxability of incentives. Ameren Missouri will report your incentives as income to you on the IRS Form 1099 unless you are exempt. Ameren Missouri is not responsible for any taxes that may be imposed as a result of receipt of this incentive. Only provide us a social security number if payment will be made to an individual.

Agreement & Signature (typing in signature is accepted)*

I authorize Ameren Missouri to access energy usage data for the specified accounts at the physical site address of the project listed above and release to the Trade Ally listed on this application. I agree that Ameren Missouri may include my name, city or county of business, Program services/incentives and resulting energy-savings in reports or other documentation submitted to Ameren Missouri and relevant agencies administering energy programs. Ameren Missouri will treat all other information gathered through the Program as confidential.

I have read, understand and agree to the Terms and Conditions listed on the Terms and Conditions tab. By my signature (type in your name for electronic signatures) below, I hereby certify that this form includes the entire efficiency project scope and estimated total project cost including both materials and labor for this site. Details of this Program, including incentive levels and availability, are subject to change without notice.
